## Investment Expert from AON Investment Consulting Joins CAPTRUST

*Firm's steady addition of new talent continues*

**RALEIGH, N.C.** (July 16, 2010) – Grant Verhaeghe, a qualified retirement plan investment specialist and 11-year veteran of AON Investment Consulting, has joined CAPTRUST Financial Advisors as Director of Investment Research within the firm's revered Consulting Research Group. Eric J. Freedman, CAPTRUST Chief Investment Officer, leads the robust Consulting Research Group that oversees the primary investment research pursuits at CAPTRUST. Under Freedman's leadership, the teams within the Consulting Research Group manage investment research, plan provider due diligence, fiduciary best practices, and participation education services; a progressive model and leading differentiator of the firm's value proposition.

Similar to the steady procession of several new top Financial Advisors recently added by CAPTRUST, Verhaeghe's hire is indicative of the firm's overall strategy to attract key talent who possess specific expertise to enhance the firm's advisory services and client offerings; the tried and true blueprint of their success according to J. Fielding Miller, CAPTRUST co-founder and CEO.

"At the risk of sounding like a broken record; we truly believe that our success is directly tied to our ability to attract and retain the industry's best talent, and Grant is another example of that talent," added Miller.

Verhaeghe will work alongside a seasoned group of investment professionals and research analysts in the day-to-day management of the firm's strategic asset allocation, investment monitoring, and manager due diligence efforts.
